LITHUANIANS CLAIM BIG GERMAN ARMY IS READY TO MARCH INTO RUSSIA

RAILROAD OFFICIAL SAYS GERMANS TALK FREELY OF UNDERSTANDING BETWEEN GERMANY, RUSSIA AND JAPAN.

GERMANS ARE ENTRENCHING AND CALL THEMSELVES THE "KOLCHAKIS"

Have 40,000 Men, 380 Airplanes, Autos and Armored Train—Say Object Is To Reach Admiral Kolchak and Furnish Him Relief.

Paris, Thursday, Aug. 8.—A modern, fully equipped army of 40,000 men has assembled in Lithuania and is preparing to march into Russia under the pretense of endeavoring to reach and help Admiral Kolchak, according to Lithuanian sources here.

Word to this effect was brought to Paris by Chief Engineer Stibiko of the Lithuanian railway system, who declared the Germans talked freely of a coming understanding between Germany, Russia and Japan.

In describing the situation to the correspondent, M. Stibiko said that the large German forces which had occupied Lithuanian territory from which they have been several times ordered away by both the Lithuanian government and Marshal Foch, were entrenching themselves and preparing for a march through Russia. They call themselves "Kolchakis" and pretend that their immediate object is to reach and co-operate with the admiral's forces.

The Germans have partly evacuated the region, but since August 1, according to M. Stibiko they have been concentrating troops anew in western Lithuania with their base at Shavili, where they also have established a general staff. They are under the ostensible leadership of the Russian General Bergmann, but their real commander, M. Stibiko declares the German commander General von Der Goltz.

They control the railway lines in all the occupied territory. They number 37,000 Germans and 3,000 Russians, the Germans serving in this army call themselves volunteers, according to the engineer and claim allegiance to the Lithuanian, thus pretending to be exempt from orders issued by Marshal Foch or the Lithuanian government.

Numerous Russian prisoners, he declared, were being sent from Germany to join the army at Shavili, while in the way of equipment of the army the Germans had brought 350 airplanes, 100 automobiles and one armored train into the territory. Although the Lithuanian government at Kovno had sent many notes to the Germans demanding their withdrawal and the allied officials had ordered them out, they had paid no attention to the demand, M. Stibiko added.

Postoffice Open Until 9 Tonight.

The state wide Victory Shaft contest closes tonight. The demand for War Savings Stamps at the banks and postoffices has been heavy today and the indications are that Licking county will hold its lead and win but many a game has been lost in the ninth inning. Today's W. S. S. sales will determine the location of the shaft which carries with it national honor and recognition. The prize is within Licking county's grasp. The Newark postoffice will remain open until 9 o'clock tonight for the sale of War Savings Stamps—the world's best investment. Buy tonight and help make your county a winner.

FAMOUS ESTATE MAY BE SEIZED

Owners Divided Sympathies During War and People Want State To Take It Over.

Blois, France, Aug. 30.—(By Mail).—The domaine of Chambord, one of the richest and most interesting of the chateau districts of Touraine, and which is included in the sequestered enemy property in France, will become the property of the state if a petition signed by practically the entire adult population of the department of the Loire-et-Cher is granted.

Chambord, which for years has been visited annually by thousands of tourists, was a hunting preserve in 1519 when Francois I began to transform it into a royal country seat. Since then it has served as residence for Henry II, Charles IX, Louis XIII, Louis XV, Stanislas and the last Count of Chambord, pretender to the throne of France under the title of Henry V.

On the death of Henry V, the elder branch of the Bourbon family became extinct and the domaine of Chambord, with its magnificent Renaissance chateau, passed into the hands of the Spanish Bourbons.

The dozen or more princes who had an interest in the property at the outbreak of the war were divided in their sympathies. Two of the princes of Bourbon Parma, Sixte and Xavier, fought with the allies in the Belgian army, others fought against them with the Germans. One of the princesses of the family, who became Empress of Austria, was suspected in the Central Empires of lukewarmness toward their cause. The question now has arisen how to distinguish between friend and foe in such cases. On one point the people of Touraine are agreed and that is that the occasion for the state to take possession of the property should not be missed.

ANXIETY INCREASES OVER LOST AVIATORS

San Diego, Aug. 30.—Anxiety over the fate of Lieutenant Frederick B. Waterhouse and Lieutenant Cecil H. Connelly, army aviators, missing somewhere in Lower California, Mexico, since they started from Yuma, Arizona, to their home station at Rockwell Field Aug. 20 last was at a high pitch today.

Ever since reports came in early this week that the message had been found by forces of Governor Cato of Lower California, local anxieties have felt reassured regarding the aviator's fate, but a denial of the reports, apparently from an authentic source, set machinery in motion for a further search for him.

SEVERE FIGHTING IN KRONSTADT

London, Aug. 30.—There has been severe fighting in the streets and public squares of Kronstadt, the Bolshevik naval base near Petrograd, according to dispatches from Copenhagen. Bodies were seen lying in the thoroughfares by allied airmen, the advices add.

PLAN TO TRAIN MORE SOLDIERS

Federal Board of Vocational Training Will Double Number to Be Given Education.

Washington, Aug. 29. (By Mail).—Plans to more than double the number of discharged soldiers, sailors and marines receiving rehabilitation training were announced today by the Federal Board of vocational education. The increase will be made at the fall opening of schools and colleges. More than seven thousand men now are receiving training.

"There have been delays in carrying out the work of vocational rehabilitation," said the board's statement, "but most of them have been due to causes which were beyond the control of the board and which it has made unceasing effort to remove."

"Nearly six months elapsed after the passage of the rehabilitation act before the agents of the Federal Board were admitted to the military and naval hospitals. This exclusion was a necessary war measure, but during this period, as well as during the fourteen months which elapsed between our entering the war and June 27, 1918, when the act became law, thousands of disabled men were discharged and were scattered all over the United States without any knowledge of their rights under the law. Altogether, more than a year and a half of precious time was lost."

"Under the terms of the Rehabilitation Act the Federal Board could not do disabled men any good until the War Risk Insurance Bureau. The amendment during this difficulty and allowing prompt action by the Federal Board did not become law until July 11, 1919."

"The board has made excellent progress, for on August 1 it had established contact with 130,000 of the 160,000 men registered, had surveyed nearly 100,000 and had approved over 12,000 cases for training and had put 7,192 men in training."

"Those men, as of July 26, were in 449 public and private secondary schools in 63 industrial and other plants. They are being trained for 1,363 different lines of activity and, by utilizing existing means of training rather than creating new schools for rehabilitation, the men are being better trained and millions of dollars have been saved to the government."

"Since legislation giving the board a free hand did not pass until July, when most schools and colleges are closed, the full measure of training activity cannot be reached until the latter part of September. At the time the present number in training will be much more than doubled."

PERSHING WILL NOT TESTIFY

Refuses Testimony Before Sub-Committee Investigating War Expenditures

Paris, Aug. 30.—General Pershing has refused to testify before the subcommittee of the congressional committee on expenditures by the war department which has been conducting an investigation in France.

The general's refusal led to the issuance of a joint statement this afternoon by Representative Royal C. Johnson and Senator E. Brand of the subcommittee in which regret was expressed that there should be a conflict between the military and civil authorities of the government.

In a separate statement in which Representative Johnson did not join, Mr. Brand declared that the general's action was an example of the "indifference and contempt" shown during the entire war by the war department toward the wishes of the people and their representatives.

THOUSANDS OF 1ST DIVISION HOME

The First Organization in France Will Parade in New York Sept. 10 Headed By Gen. Pershing.

New York, Aug. 30.—Nearly 1800 officers and men of the First division, the first members of that outfit to return home after more than two years service overseas, arrived today from France. Major Edward F. McLaughlin Jr., commander of the division, his staff, and detachments of the 28th infantry and First engineers were on the transport Orizaba while 19 officers and 30 enlisted men, comprising the advance section which is to make arrangements for the division's reception, returned on the transport Patrovas.

Detachments of the 28th infantry to return comprised the field and staff headquarters, machine gun battalion, medical detachment and First battalion complete, a total of 40 officers and 1292 men. The engineering units were the first battalion headquarters, medical, veterinary and ordnance detachments, and companies B and C, a total of 13 officers and 380 men.

Other units of the division are due to arrive within the next ten days on the transports Suwanee, Liberator, Freedom, Amphion, Callao, Santa Teresa and Lathrop which is expected to carry General Pershing and his staff. Members of the division will be sent to camps around New York pending the return of the last unit when they will be the guests of the city for two or three days.

Tentative arrangements have been made for a parade of the division on Fifth avenue, September 10. It is expected that General Pershing will ride at the head of the procession.

Eight transports, carrying 6,762 troops, arrived today from Brest. In they were the Great Lakes-classed Iowa, Peleus, Santa Leonora, Henry Mallory and Santa Malta, which brought casualties and small detachments from the service of supply.

STATE AGENCIES TO CO-OPERATE

Begin Campaign With Federal Government To Reduce Cost of Living.

Washington, Aug. 30.—State agencies began functioning in close cooperation with the federal government today in the campaign to reduce the cost of living as a result of the conferences held yesterday with President Wilson and Attorney General Palmer by the committee of six state governors representing the governor's national conference.

Assurances were given the attorney general by the committee that every state agency which could be of service in the emergency would be placed at his disposal for any information or assistance he might desire.

Need of increased production and greater economy in the consumption of necessities of life was urged by the committee as a means of reducing the price level.

MRS. SANFORD GROWS WEAKER

Victim of Gahr's Dinner Slightly Weaker—Serum Treatment Administered.

Alliance, Aug. 30.—Mrs. Willis F. Sanford, victim of the Gahr's dinner, was in an unchanged condition, but "very slightly weaker," her physician said this morning. The serum ordered from Urbana, Illinois, arrived this morning and will be sent by a special express messenger to the home, Dr. Mutscham, the attending physician said it would depend upon her condition whether it would be administered at once.

MEAT DEALERS CUT PORK 1 TO 4 CENTS

Buffalo, N. Y., Aug. 30.—Wholesale meat dealers here today announced a cut of one to four cents a pound in the price of pork, due to the drop in the live stock market and the sale of government supplies. Smoked bacon is down from 40 cents to 36 1/2 cents. Smoked ham 30 to 37 cents. Lard 35 to 37 and fresh lard 34 to 36 cents.

DEPONENT IN MURDER TRIAL PROBABLY MURDERED

Nashville, Aug. 30.—Robin J. Cooper, a Nashville lawyer, who was acquitted of the murder of former Senator Edward W. Carrick in 1908, after a sensational trial, was found dead today in Richland creek, near his home in Belle Meade park, a suburb. The police believe he was murdered and his body thrown into the creek.

OVERCONFIDENCE REAL MENACE TO SUCCESS OF VICTORY SHAFT CONTEST

CHAIRMAN OF COUNTY COMMITTEE FEARS WORKERS TOO CERTAIN THAT GRANITE MONUMENT IS ALREADY WON.

URGES CONTINUED EFFORT DURING CLOSING HOURS OF W. S. S. CAMPAIGN

War Work Committee and Licking County Banks Do Splendid Work but Other Counties May Be Doing Better Local Leader Points Out.

Though warning was given to Licking county in the address of Chairman C. H. Spencer at the last meeting of the War Work committee, that the shaft was not yet won, expressions of confidence on the part of some of the workers aroused the fear on the part of the chairman that this confidence might be the very cause of the county's defeat in the contest.

"The war-workers have done a splendid thing," said the chairman this morning, "and it is true that the other contestants in the race will have to go some to beat us, but that is just what I fear. We have no way of knowing what eleventh-hour effort they may put out."

"Their per capita quota being lower than that of Licking county, every sale looms larger than a similar sale in this county. If Warren and Morrow counties duplicate Licking county's last-day efforts, sale for sale, the victory is by no means certain.

"War Savings Stamps purchased to night or Sunday, where such purchases were made by the workers, are winning the shaft for this county. Prospective purchasers as well as workers are urged to make every effort tonight and Sunday. No doubt the county postmasters, who have shown loyal interest in the shaft campaign, will make it possible for last-hour purchasers to invest in these stamps on Sunday, as a patriotic effort for the county.

"The time is short. Within 24 hours the shaft will be won or lost. We must hope that it will not be lost through any lack of effort in the last moments of the campaign."

The Licking County War Work committee, that loyal, efficient and tireless band of stamp and bond salesmen and campaign workers, headed by E. C. Wright, was demobilized Friday night at the final dinner at the Masonic Temple when the work of the personnel was practically closed when the final reports were made in the 1919 War Savings Stamp campaign.

Workers last night reported the sale of more than \$118,250 since the last report. At that time the sales reported amounted to \$142,000. The grand total reported by the War Work committee was well above a quarter of a million dollars.

This report does not include sales made by the special committee which Chairman Spencer and others say are more than gratifying, nor sales made by postmasters apart from those (Continued on Page 9, Col 3)

WINDLE'S GANG RENDERS GOOD SERVICE AT DINNERS.

The praises of the War Work committee's personnel have been sung repeatedly during that splendid organization's patriotic service, but little has been said of those men who helped "feed the brutes." F. M. B. Windle organized an efficient corps of waiters to serve the dinners to the war workers. They have served faithfully and efficiently. His "gang" is composed of the following well known Newark men:

Thomas Tabler, Roy Marvin, J. E. Grafton, W. J. Rogers, Charles Dugan, T. O. Speck, D. C. Kunninger, George Bower, Guy Lawyer, Clifford Hawkins, Joseph Hawkins, B. M. Gibson, C. L. H. Long, J. C. Ditter, A. L. Thomas and W. C. Windle.

The grand total reported by the War Work committee was well above a quarter of a million dollars.

Mr. Mazey Sees Victory Shaft and Wires It's a Peach.

W. H. Mazey, the dry goods merchant, who is now enjoying an automobile trip with his family in the east is in Barre, Vt., today. Barre is the home of the granite manufacturers' association which gives the \$10,000 Victory Shaft to Ohio. Mr. Mazey this afternoon sent the following telegram:

"F. H. Spencer, Newark, Ohio: 'I'm a man in Licking County to see the Victory Shaft. Hope we get it. It's a peach. Wrote my secretary to buy the stamps you asked.'"

"W. H. MAZEY."

This is the last day of the contest. It's a close race. Licking county is leading. The Newark postoffice will remain open tonight till 9 o'clock for the sale of W. S. S. Champion J. C. Cooper will be there to sell stamps. Buy tonight. It's the last chance to help win the shaft.

NOW WHAT WILL THE MOVIES DO FOR COLOR

Dawson, Y. T., Aug. 30.—The Yukon territories goes "dry" tonight when the law enacted last spring by the Yukon legislature abolishing the saloon becomes effective. Twenty licensed bars exist in the Yukon of which Dawson, Dawson, government dispensary will be closed at Dawson and another at White Horse, under the control of Commissioner McKenzie, at which liquor will be sold only by the bottle, and during limited hours.

Between now and February a plebiscite will be held throughout the territories to determine the future of the liquor business.

11,000 MINERS TO GO ON STRIKE TODAY

Charleston, W. Va., Aug. 30.—That 11,000 miners of the Guyan valley coal fields will strike sometime today for higher wages and recognition of a union was predicted last night of C. F. Keeney, president of Division 17, United Mine Workers of America. He said there were 2500 miners on strike already.

Reports of clashes between mine guards and striking miners in the Logan county coal fields were received by President Keeney late last night. A half dozen miners were injured in fighting at Gum Creek and fighting occurred at Island Creek and another mine employed by the Monitor Coal company.

FOUR HYDROPLANES TO COMPETE IN RACE

Detroit, Mich., Aug. 29.—Four of the five hydroplanes entered in the gold cup race, emblematic of the world's power boat championship, were expected to compete in the second 20 mile heat today. Only two raced the first heat yesterday, the Miss Detroit III winning over the Miss Detroit II by two seconds.

NEWARK PEOPLE MAY PROFIT BY RELATIONSHIP

Major Andrew Drumm, Former Licking County Man Leaves Millions in Kansas City—Only Widow Survives.

Mrs. Margaret Varner and Mrs. Sarah Zartman, 371 West Locust street, and Mrs. Margaret Francis of Ash street and Central avenue, may benefit from the estate of Major Andrew Drumm, multi-millionaire of Kansas City, Mo., who died several months ago. Makindrum Drumm, a relative, visited Newark several days ago, seeking a list of relatives here. Major Drumm left a widow but no children, it was said. He was 50 years old when he died.

He was a former resident of Licking county, leaving here more than a half century ago. He was born near Gratot, but went west with a young man. He was one of the pioneers in the gold rush to California and was engaged in a number of different businesses, most of his fortune, however, was made in the cattle business in Kansas.

In his home city he was noted for his philanthropies, taking marked interest in the street waifs of his city. He established a country club of considerable magnitude for the pleasure and benefit of these orphans of the streets.

The legal phases of the claims which may be made by Ohio relatives, are in the hands of Gracie Parker, a Cleveland attorney who is also one of the heirs.

It is said that part of the money was left in the banks of a trustee. The widow did not share in this part of the estate, according to information here, and caused the will to be set aside.

WEATHER FOR WEEK. Washington, Aug. 30.—Weather predictions for the week beginning Monday, September 1 are:

Ohio Valley, Tennessee and Region of the Great Lakes. Normal temperatures generally fair, but with a probability of occasional local showers.

Homeward Journey of Rumanians Without Wealth.

Alliance, O., Aug. 30.—Flourishing pistols and firing shots, four masked men, today robbed eight Rumanians of \$3,000 and made their escape. The holdup occurred at the Pennsylvania railroad camp two miles east of the city. The Rumanians were preparing to return tonight to Rumania and had all their money from the local banks and postal bank.

STRIKING RAILWAY MEN IN THE WEST RETURN TO WORK

All Branches Back and Conditions Are Nearly Normal For First Time in 10 Days.

Los Angeles, Calif., Aug. 30.—Practically all striking steam road engineers, conductors, brakemen and switchmen reported back to work this morning, following a vote to discontinue their strikes here which was completed last night.

Conditions nearer normal than for ten days, so far as railroad transportation was concerned, greeted southern California residents today. With the engineers, conductors, firemen and a majority of the yardmen and brakemen pledged to return to work, after their strike in sympathy with striking employees of the Pacific Electric Lines, railroad officials arranged to move trains on virtually no return schedules. The strike agreed to return at meetings held last night. A portion of those attending the meeting voted not to return to work and held a further meeting. A. F. Whitney, international vice president of the Brotherhood of Railway Trainmen, decided to leave the portion of union men failing to return would be negligible.

The vote of the meeting also operated to call back to work members of the "big four" railway brotherhoods on strike at San Bernardino and Palmdale, field, who had agreed to follow what ever action the men in the lower valley would take.

San Francisco returned to work yesterday. Admittedly the situation at Barstow was serious, men there at last reports having refused to obey the orders of the international officers to work.

LEADERS SANCTION INSURGENT STRIKERS

Springfield, Ill., Aug. 30.—Invasion of southern Illinois coal fields by an "insurgent army" to further the insurgent strike cause has been sanctioned by strike leaders here and preparations were begun today to carry out the proposed pilgrimage.

Lawrence Lamb, chairman of the state policy committee of insurgent mine-workers said the projected march from Bellevue into Franklin, Williamson, Saline and other counties was only "one method to be used in acquainting miners of the state with facts."

He declared the fight had resolved itself into a campaign to oust Frank Farrington, president of the accredited organization and fellow-officers, because they had ceased to represent the rank and file.

GERMANS ARRIVE IN MEXICO. Mexico City, Aug. 31. (By Mail).—Two hundred and forty German immigrants arrived on a Spanish steamship at Vera Cruz on August 29, the day after the outbreak of the revolution in Mexico. According to reports from the Vera Cruz correspondents of the Mexico City papers.

CABLE OPERATORS OUT ON WEEK END STRIKE

New York, Aug. 30.—Cable messages between the United States and Europe of the commercial cable companies are being slightly delayed as the result of the week-end strike of operators in the western hemisphere, it is announced at the company's offices.

Five hundred operators are employed in the Atlantic coast stations of the company at Canoe, N. S., St. Johns, N. F., Rockport, Mass., and New York. The operators who now are receiving a 50 percent wage bonus, demand that they be included to 60 percent and that they be paid an allowance of \$25 a month for subsistence, which they claim is received by the European operators of the company. The company announced that it had offered to increase the bonus to 40 percent pending the return from Europe of General Manager Ward but the cable operators union decline to wait.

The men stopped work at midnight last night announcing they would return at midnight tomorrow. They plan to suspend work every week end until their demands are granted.

ARREST UNION MAN FOR PASSING HANDBILL

Pittsburgh, Aug. 30.—James G. Sauer, organizer of the American Federation of Labor for the boiler-makers' union was arrested at Duquesne, a suburb, last night, for passing handbills advertising a federation meeting for steelworkers to be held today. He was charged with violating a city ordinance and held in \$25 bail for a hearing.

Mayor James E. Crawford of Duquesne, part owner of the Portview Tintplate company, which the federation is said to have organized, ordered Sauer's arrest. The meeting, scheduled for tonight at Duquesne, was held notwithstanding Sauer's arrest. It was announced.

HAND PEACE TREATY TO AUSTRIA TUESDAY

Paris, Aug. 30.—The supreme council this morning decided to hand the peace treaty with Austria to the Austrian delegation next Tuesday afternoon. Five days delay will be granted the Austrians before signature of the treaty.

The council concluded its examination of the treaty and approved the covering letter to accompany the document. The text of the treaty will be sent to printers this evening. Premier Clemenceau presided at the meeting of the council.

MRS. MARIE MCARDLE IS SEEKING DIVORCE

Columbus, Aug. 30.—John M. McCord, Dayton, former theatre operator, today here yesterday was sued for divorce by Marie R. McCord. She declares he has failed to support her and their child and that he threatened her. McCord was also orchestra leader at Buckeye Lake for several years.

JAIL DELIVERY IS DISCOVERED

Prisoners Saw Bars at Portsmouth and Three Make Their Escape.

Portsmouth, Aug. 30.—A timely discovery by a nearby resident prevented a wholesale jail delivery at the county jail here last night when prisoners saw the bars of a rear window. Three prisoners escaped, however, and are at large. They are Jesse Mills, white, held in connection with the robbery of three Portsmouth stores, Sam Nesley, colored, in connection with the robbery and burning of the Hyland store and the postoffice at Franklin Furnace and Lonnie Moore, colored, sent up from the mayors court on a minor charge.

HEBRON ELECTRIC PLANT TO STRIKE

Unless Trouble Is Adjusted Men Will Quit Monday Tying Up Electric Lines.

Thirty engineers and firemen employed at the power plant of the Ohio Electric Railway company at Hebron have served notice on the company officials that unless their demands are met for a wage increase above the present scale they will walk out Monday morning at 6 o'clock. If they do so it will tie up the company's lines between Columbus, Newark and Zanesville and shutting off the electrical power for Buckeye Lake Park.

The engineers and firemen were members of the Amalgamated Association of Carmen, but when the company refused to settle with them as members of that association when the strike of carmen was adjusted a week ago today, they withdrew from that organization and joined the International Association of Engineemen. The company had given them a three per cent an hour increase when the strike was declared off.

The engineers are receiving or were before the strike, 50 cents an hour. They ask an increase it is alleged to 60 and 64 cents. Supt. F. J. Moore and Chief Engineer Kehoe of the Ohio Electric are at Hebron this afternoon meeting with the men and it is believed that the trouble will be adjusted.

Should the men and officials fail to reach an agreement it would tie up the plant for Labor Day, which would mean the loss of much revenue to the company. It is believed however by local officials that an agreement will have been reached before evening.

WAR RECORD WILL OBLITERATE PAST

Washington, Aug. 30.—Loyal service in the army during the recent war cannot be considered as wiping out a soldier's past, the judge advocate general has ruled.

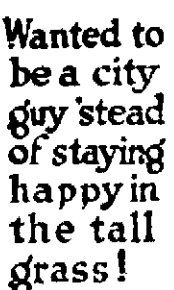

An adverse opinion was rendered on the question as to whether a man possessing a criminal record before entering the army could be reenlisted at this time.

AMUSEMENTS

(Continued From Page 2)
"Daughter of Mine" she quickly showed her studio associates that she was no novice with the lettered keys.
"Daughter of Mine" is shown tonight last times at the Alhambra.
The Alhambra Sunday inaugurates the Artcraft Paramount week with Jack Pickford being seen Sunday in the new photoplay "Mile a Minute Kendall." Pickford in the leading role.
Widely known, because of his prodigious and reckless, as "Mile a Minute Kendall," Jack Kendall, son of a New York financier, becomes enamored of a bleached blonde with an unsavory past and decides to wed her. Accompanied by Rosalynne d'Aubrey, his sweetheart and chaperone, Kendall motors out to an inn on the Boston Post Road near New York, and when the party reach the hostelry Kendall, true to form, is under the influence of liquor and in a truculent frame of mind.
The inn is kept by Jack Evans, a skinflint, and he is assisted in its management by Joan Evans, his niece. She and Kendall were playmates while children and in a simple way both had loved each other. When Kendall reaches the inn presumably on an engagement, her romantic instincts are aroused and she looks upon the fashionable party with much interest. A local justice of the peace is called to celebrate the nuptials, but before he is able to reach the

young Kendall \$50,000 for the patent rights. The offer is refused and a stock company finally organized. Kendall, selling 40 per cent of the stock for \$500,000, the balance being retained by him, Joan and others who had befriended him in the days of his illness and convalescence.

"Playing the Game."
A splendid argument for the "back to the soil" movement is disclosed in "Playing the Game," the newest Paramount picture featuring Charles Ray, the popular Thomas H. Ince star.
This picture will be shown at the Alhambra theatre next Monday and Tuesday and is said to be one of the best in Mr. Ray's repertoire. The photographs by Chester Lyons and the support, chief among which are Doris Lee, Robert McKim, Lillian Lorraine, and Charles Pearce, are excellent.

ARTCRAFT-PARAMOUNT WEEK.
It's a big week for Mr. Fenberg's theatres commencing tomorrow for all over the country the best theatres are having Artcraft Paramount week.
In Newark it's the Auditorium and Alhambra theatres. Tomorrow will start Sunday off with Wallace Reid at the Auditorium in "The House of Silence" with several added features, the leading feature being the re-appearance of Geo. Gaudier and Ted Lorraine, who were a big hit at that theatre last Sunday.
The Alhambra will be heard in an entire new list of songs. Another screen novelty will be Lee Martin, the world's greatest monkey actor, who will be seen in a "Jazz Monkey" two reel feature.
At the Alhambra Sunday, Jack Pickford is seen in the great photoplay "Mile a Minute Kendall." The comedy is "Welcome Stranger," a Paramount

son in "The Lie," together with "Outing Chester," Friday and Saturday Cecil DeMille's wonderful feature "We Can't Have Everything." In the above list of photoplays Newark movie fans get what is considered in picture circles, the greatest photoplay program ever offered in Newark.

GRAND Today.
This afternoon and evening there is being shown at the Grand the "Iron Clutch," the ninth episode of "The Perils of Thundervault." Also Larry Lloyd, Beebe Daniels and Harry Pollard in a laugh producing comedy.

Sunday.
Sunday afternoon and evening Manager Boe will present Jack Richardson in one of his best wild west pictures, "Desert Law," a picture that teems with intenseness and thrilling situations. There will also be shown the second episode of "The Great Gambler." Also Fatty Arbuckle in a good comedy.

Billy Desmond.
Billy Desmond will appear at the Grand Monday and Tuesday in "Wild Life," a great wild west story. Mr. Desmond is at his best in this picture and is supported by a splendid company. There will also be shown a Fatty Arbuckle comedy.

LYRIC.
Everything is in readiness for the opening of the Lyric theatre Monday afternoon, when Hurley's "Oh, Say Girls" will make their initial bow in this city. The troupe will present at the first performance "Putting It Over." There are plenty of pretty girls, good comedies, elegant costumes and good music. The theatre has all been done over and presents a very attractive appearance.

GEM.
Special Music.
Some time ago Mr. Gallagher, proprietor of the Gem theatre installed in his theatre a Wurlitzer piano and organ. It was of the very latest type and has furnished excellent music. It has always been the policy of Mr. Gal-

lagher to furnish the public with the best of entertainment possible. Together with the excellent music furnished throughout the week by Mrs. Cranston, who operates the piano and organ, and Mr. Nutter who renders zitherphon solos each day, the services of the Big Four Orchestra has been secured for Saturday evenings and Sundays. With this special musical program the attraction for tomorrow afternoon and evening will include Theda Bara in "When a Woman Sins."

LABOR DAY THOUGHT.

Labor Day was originally established to create opportunity for consideration of the advance of the great working masses of the people commonly referred to as "labor." The holiday did not accomplish that result to any considerable extent, though it has proved popular, coming at a pleasant time of year when people needed rest from their long summer work.

Still the so-called "labor question" is discussed at some public gatherings of craftsmen and unions. This year, the widespread labor unrest should give the day a new significance. There should be a sincere effort to bring wise counsels into all public gatherings.

The great majority of all elements of the people are honest and sincere. They are willing to work and want to be fair. Every element of course inclines to see only its own difficulties and troubles. That is because so little effort is commonly made to bring different elements of people together.

It would be a useful feature of a Labor Day observance, if a body of the representative men of the community including equally employers and employed, could get together to discuss mutual relations and promotion of the community interest. Let each side tell troubles. The employers should ask the workers if they could do any better, were they to take the risk and responsibility of management. The employees should ask the employers how they would feel if working under the uncertainties of daily wages and limited income.

A better Get Together spirit would make the capitalist ashamed to grasp too great a share of the product of his industry, and the laborer ashamed to do anything less than his very best. Newark's Labor Day program will be held on Monday at Mountbaker's park. There will be entertainment for all as a fine program has been arranged.

EXPORTING FOOD.

Many people feel that the solution of the problem of high food prices is to stop exporting food. That is a plan. It might be. Yet consider for a moment conditions in Europe. There is the world's largest organization that has existed since the Dark Ages. Millions of unemployed people are being supported by the government. The business in which they are engaged has been upset by the war. Prices are relative. It is higher than in the United States, and the debt is far greater. It is a crushing burden. The people are suffering. The people are not able to buy an automobile. The food is scarce. If human nature would only be put under it.

Now the United States might be food to the starving people. But it would be an act of hard-heartedness. In addition it would stir the social revolution, and create chaos in the country. If the people of Europe are going to let the world go to work, they are going to pay their debt and support themselves. They have not to be helped until they have time to get on their feet and rebuild their shattered industries.

Conditions ought to be made to exist within a year from now. The United States wheat director who has been investigating food conditions in

Europe says that those countries will make a crop this year amounting to 75 per cent of normal. Considering their exhausted position and lack of man power, that is doing well. Next year he hopes they will be far on the road to self support.

So the people of this country should cheer up, bear their lighter troubles with a good spirit, hold out the helping hand to the destitute, and not insist on perfect comfort while other people are starving.

THE COST OF SHOES.

Some shoe dealers are predicting that shoes will be up to \$10.00 to \$20.00 by next winter. Only a few years ago, you could buy an excellent pair of men's shoes for \$4.00, often for less. Where there are several children to be fitted out for school this fall, the family man will indeed groan.

While speculation in hides and leather has no doubt raised these staples to artificial figures, public folly has some share in the high cost of footwear. The cost of the constant changes that occur in shoe fashions is very considerable. The lasts on which shoes are built are made of a costly kind of wood, usually fitted up with metal plates. It happens many times that a set of lasts can be used only for a single season. Then they are set aside as back numbers, in favor of some new fad of fashion. The charge for lasts needlessly thrown away is said to be \$10,000 to \$100,000 in many factories. Manufacturers and jobbers should unite to end this silly expense.

Another practice that makes leather scarce is the prevalence of very high topped shoes for women. Leather disappears rapidly when cut up into these big pieces. If women wish to return to old fashioned ideas of modesty let them lengthen their skirts and stop upsetting the leather market by absurdly high shoes.

The principal cause of the present prices is no doubt the scarcity of hides, due largely to the heavy demands of Europe. The public is not to blame for this scarcity, and should not be made to pay for it.

It looks as if the government would have to re-establish the price for hides previously in force. It would be well if some investigation by public or community authority could establish what is a fair price to charge for the various grades of shoes.

A NEW EXPLOIT IN HYPOCRISY.

(New York World.)
In the process of obstructing the treaty of peace the Republican majority of the senate committee on foreign relations will grant hearings to the Irish, Greeks, Egyptians, Lithuanians, Letts, Ukrainians and Estonians who profess to be dissatisfied with their political status.

The Koreans were excluded. It is said, because neither their future nor their boundaries come within the provisions of the treaty, but that argument applies to the Irish as well, and there was no excuse for excluding the Koreans except the solitary fact that there is no Korean vote in the United States.

The very senators who are crying to heaven against a league of nations are protesting at the top of their lungs against European entanglements of every kind and description are trying to meddle not only with the internal politics of Europe, Asia and Africa, but also seeking to substitute themselves for the peace conference and to create the largest possible measure of foreign unfriendliness toward the United States.

It will be observed that these gentlemen who are so keen about the Irish and the Egyptians and the Letts and the Ukrainians and all the rest of the so-called oppressed nationalities that failed to obtain the self-determination that they demanded at Paris are saying nothing about the Filipinos, who are clamoring for independence but are obtaining no satisfaction from congress. There are to be no hearings for the Haytiens and the Santo Domingans who are ruled by American marines, or for Nicaraguans who object to the rule of American bayonets or the Cubans who complain about the overlordship of the United States. There are no provisions for the negroes who are at our own subject race and who are openly denied their constitutional guarantees in many states where they are not only deprived of the vote that is assured to them by the Fifteenth amendment but are also denied the process of law when charged with crime.

There has been no more contemptible exploit in hypocrisy than this latest proceeding on the part of the senate committee, and it is not creditable either to the conscience or the intelligence of the American people that they permit such things with the peace treaty. The committee will ever hold on to anything and the only object of this latest proceeding is to delay a vote in another desperate attempt to rally opposition to the treaty.

83RD DIVISION REUNION MONDAY

Plans Completed For Presenting Colors To the State at Columbus Labor Day.

Columbus, Aug. 30.—More than 30 colors and flags of the 83rd division—Ohio's first draft division trained at Camp Sherman under command of Major General E. F. Glenn—will be formally presented to the state of Ohio here Monday during the first reunion of the division. In behalf of Governor Cox and the state, Adjutant General Roy E. Layton will receive the colors at exercises to be held at 2 p. m. on the westfront of the statehouse. The presentation will be made by General Glenn. Several thousand officers and men from Ohio and western Pennsylvania are expected to attend the reunion.

Immediately after the flag ceremonies, memorial services will be held in the statehouse in honor of Colonel C. C. Heybrecht, former adjutant general of Ohio and veteran of the world-war, who died this week at his home in Alliance as the result of eating poisoned food at a banquet a week ago at Canton in his honor.

The following are the details of the ceremony which will take place at Columbus at the statehouse grounds on Labor Day:
The Boy Scouts of Columbus will be stationed in the morning at each of the entrances leading into the state capitol grounds and will distribute to each member of the division attending the reunion definite instructions as to the formation, ceremonies, etc.

Luncheon will be served at 11 a. m. to all members of the division.
At 1 p. m. the Old Guard with their life and drum corps will move from memorial hall and proceed to the capitol building, they will take up their position on the eighth step at the rear of the platform which is a the west side of the capitol.

At 1:30 p. m. General Glenn with his staff and guests and the adjutant general of the state with his staff and guests will proceed from the capitol building and take their places upon the platform. At this time the various organizations of the division which will have been assembled in the nearby streets will proceed by organizations to the places assigned, directly in front of the platform.

During the formation of troops music will be rendered alternately by the 40th infantry band from Camp Sherman, O., and the band from Columbus barracks.
After all troops have assembled the color-bearers of the division will proceed from the north and south ledges of the capitol building with their necessary guards and will take up their position directly behind the speakers' stand.

Colonel James L. Cochran of Columbus, O., formerly the adjutant of the 83rd division, will present the colors to General Glenn, who in turn will present them to the adjutant general of the state for safe keeping and preservation.

After the colors have been received on the part of the state, the color-bearers of the 83rd division will turn them over to the color-bearers furnished by the Old Guard, who will conduct them to their final resting place preceded by their own life and drum corps.
After the ceremony both bands will render music.

Many of the Newark and Livingston county men who trained with the 83rd division will attend the ceremonies at Columbus, Monday.

Many judgments and others have been discovered near the Cape of Good Hope and South Africa's first found fossils have been uncovered.

STRANGER IN CITY DIES ON STREET

Card on Body Bore Name
of N. C. Chapman of
Wellsburg, W. Va.

N. C. Chapman, evidently a stranger in the city, dropped dead this morning about 10:15 in front of Evans' drug store in East Park place.

Coroner Richards was called and pronounced his death due to heart failure. Bradley's ambulance removed the body to their establishment. He was about 72 years of age, gray haired, of medium height and of slender build and wore a new light gray suit and a Panama hat and an Odd Fellow pin on his coat.

He carried a leather bill purse which contained \$21.00 and bore the name N. C. Chapman, Wellsburg, West Virginia and a small change purse with \$2.00.

His check book was on the Citizens National Bank of McConnelsville. The bill purse also contained some odd souvenirs of money and two addresses, one of J. C. Stevens, Hebron road, and the other of C. G. Bozman, Hebron.

Mr. Stevens was called on the phone and stated that he had met the man last Wednesday in Hebron boarding a car for Columbus and that they had shared the same seat en route. He told Stevens that he lived most of the time in Wellsburg with a son, who is a dairyman and part of the time in McConnelsville and that his interest in the fair was in the Holstein cattle exhibit. Mr. Stevens again met the man in Hebron that evening and he said he expected to spend the night with Dr. Bozman his nephew.

When Dr. Bozman was called on the phone he said that Chapman was his relative and had spent the night with him a few days ago.

The dead man was probably a member of the G. A. R. as his purse contained an identification certificate signed but not filled in, to the 53 annual encampment in Columbus from the 7 to 13.

His right cheek and left knee were bruised and the case of his watch dented and the crystal broken from the force with which he struck the pavement. His arm was also tattooed on his arm. Dr. Bozman came to the city immediately to take charge of the body.

SOCIAL AFFAIRS

Upshaw-Miller.
Golden glow and hydrangeas intermingling in the Miller home in 838 North Buena Vista street made a charming background for the wedding of Miss Myrtle Miller and Mr. William Francis Upshaw, which was solemnized at 3:30 o'clock this afternoon.

The arrangements were marked by simplicity and the bride and bridegroom were unattended. The ring ceremony of the Trinity Episcopal church was read by the rector, Rev. L. P. Franklin, before an improvised altar of palms, ferns, and the yellow and white flowers.

The bride wore her traveling suit of blue wool with a blue hat and the bridal bouquet was a corsage of bridal roses and swainsons.

Following the service a dinner was served the guests who numbered only the members of the family, and a few friends. The only out of town guests were Mr. and Mrs. Roy G. Miller of Mt. Gilead.

The bride is the daughter of Mrs.

Mary Miller and the late Major C. D. Miller. She attended Denison University, is a member of the Kappa Phi sorority and has been principal in the Murphy school at Raleigh, N. C.

Mr. Upshaw is a graduate of the University of Georgia and is a member of the Sigma Nu fraternity. He is manager of the North Carolina agency of the Etna Life Insurance company.

Mr. and Mrs. Upshaw following a trip east will be at home at 117 Woodburn Road, Raleigh, N. C., after October 1.

A number of guests were entertained by Miss Dorothy Dennis at her home in the Granville road on Monday evening, celebrating her birthday anniversary. The hours were devoted to games and music and luncheon was served.

The following: Lois Brown, Helen Harbottle, Cleo Showman, Julia Ann Harbottle, Ruth Barrick, Julia Forsythe, Louise Palmer, Edna Walker, Cecil Scott, Harold Burchard, Garland Pyle, Harold Pyle, Dan Conley, Donald Palmer, Richard Thomas of Columbus.

The marriage of Miss Rose Bronstein, 587 Leman street, Columbus, to Mr. Harry Horwitz of Newark, solemnized Tuesday, has been announced. The wedding took place at Detroit, Mich., with Rabbi Levin of that city officiating.

News of the wedding came yesterday to Mrs. Jack Wiseberg, sister of the bride in Columbus. Mr. and Mrs. Horwitz motored to Detroit from Columbus and will visit Chicago before coming home. A reception for them on their return is being planned by Mr. and Mrs. Wiseberg. The bride and bridegroom will make their home in Newark.

Mrs. Milton Francis entertained at her home on Tuesday with a dinner party in honor of her cousins, Mrs. Nettie Clavin and son Douglas and daughter Anita, and Mrs. Pete and granddaughter, Dorothy Taylor, all of Findlay.

The Little Light Bearers of the East Main street M. E. church will meet at the church tomorrow afternoon at 2 o'clock. The officers of the society have requested that mite boxes be brought.

Obituary.
Mrs. Sarah C. Woodworth, widow of C. R. Woodworth, died at her home in McKean township Friday morning at 10:30 o'clock. She was 88 years old. Her death followed an illness of complications incident to advanced years.

She is survived by three daughters, Mrs. Harry Marple of Newark, Misses Rosa and Mary Woodworth who live in California. Her husband and a daughter died several years ago.

Funeral services will be held Sunday afternoon at 2 o'clock at Liberty church.

ARMY WANTS TELEGRAPH AND RADIO OPERATORS
Word has been received at the Newark recruiting office from the war department that telegraph operators and radio experts are desired for service with the American Expeditionary Forces in either Europe or Siberia. Such men will be sent direct to whichever place they choose if found qualified for the position.

Colonel William J. Connelly, who is at the head of the recruiting of this district, points out that this is an excellent chance for qualified young men to see Europe under favorable conditions.

Our Boys and Girls
It seems to me that every child, at the age of 7 or 8, and possibly younger, should be given an allowance as of his own. This establishes a sense of ownership, something that is his by right. It is not enough, however, that the child should merely understand ownership. He must understand that increase of property comes from the denial of the right to spend.

So, when a mother gives her child an allowance and tells the child that for each cent saved he should have another cent, it teaches him thrift. There is still another thing a child must learn and that is the value of money. The boy must learn what the purchasing power of 5 cents is and that it can only be spent once.

Do not give the child an allowance and then, if he wants something special, buy it for him. For if the boy could call on his father or mother after his money had been spent, how could he learn to be economical? For thrift and economy are different virtues. It does not take a child long when told in the right way, that a little out of his allowance to be saved each week, to discover soon that a dollar has been saved, and that it is his very own.

An adding machine, small enough to be easily moved from place to place, has been invented which completes its work without it being necessary to pull down a handle at one side.

The Making of Beauty Creams.
Fat of some kind is the basis of all beauty creams, and it is needed to feed the pores. Creams are troublesome to make because they require careful mixing and constant heating. In making all creams and emulsions the manner of manipulation is about the same.

Here is a face cream that I can recommend because it contains no animal fat to induce a growth of hair on the face: Rosewater, 4 ounces; almond oil, 4 ounces; white wax, 1 ounce; tincture of benzine, 1 drachm.

Put the almond oil into a double boiler and add to it the white wax and one ounce of spermaceti that has been chopped fine. Let these melt, but not boil. The water in the lower vessel must just simmer, never boil. Turn them out into a bowl and beat briskly with an egg-beater, scraping down the sides and keeping on heating until it is all smooth and creamy.

When the mixture has cooled, add the rosewater and the benzoin, drop by drop, beating without stopping until the cream is quite cold. If the odor of rosewater is not liked, you may substitute any other water you wish. All creams and pomades should be put up in small porcelain or glass jars, which can be closed to exclude the air, else they will become rancid and unfit to use.

Cucumber cream is one of the best whiteners for the complexion. There are two ways to extract the juice of this vegetable. One is to select the cucumbers ripe enough for table use. Cut them very fine and finally pound them to a paste. Fill a cheesecloth jelly bag with this pulp and squeeze out all the juice. The second way is to slice them very thin, skin and all, and put them in a porcelain steppan. Add just enough water to keep them from burning, and simmer until soft and mushy. Strain first through a sieve and then through a jelly bag.

Every Day Etiquette

"Would it be correct for me as the oldest girl in the family, to have simply 'Miss Smith' on my cards, or should I have my full name?" Inquired Gladys. "If there is no other unmarried woman among your relatives of the same name, it would be correct for you to use 'Miss Smith' on your cards," replied her aunt.

RETURN OF DEAD SOLDIERS MAY BE DELAYED; MANY TO REMAIN IN FRANCE

Government Seeks to Have French Modify Regulations to Permit Removal of Bodies by U. S.—France Fears Epidemic if Bodies Are Disinterred.

Not long after the United States entered the late war the War Department announced that it would be its policy to bring back to the United States the bodies of American soldiers which were buried abroad, provided the nearest relatives requested their return, says a statement issued by the war department today.

Since the armistice many communications have been received by the war department from the families of deceased soldiers requesting that the bodies of the latter be left permanently interred in France the statement continues; many other families have requested that the bodies of their dead be returned to the United States.

Many families may not be fully aware of the present situation or of the conditions which would have a deciding influence on the question in the minds of relatives as to whether or not it would be best for the bodies to remain permanently interred in France.

The Graves Registration Service of the United States Army is now and has been for some time engaged in disinterment, identifying, and collecting into cemeteries, preparatory to return to the United States, the bodies which through the necessities of war, were temporarily interred where they fell. This work which has been of considerable magnitude, involving the removal of bodies from many isolated and scattered places on the battlefields, has now reached an advanced stage.

Before the next step, the actual return of the bodies to the United States, can be undertaken, the consent of the French Government must be obtained. There are approximately 4,500,000 bodies interred in France as a result of the war. The attitude of the French Government is against the removal of any of these. A proposed law is under consideration by the French parliament, which, if passed, would prohibit such removal for a period of three years from January 1, 1919. The enactment of the proposed law, the matter is being negotiated by ministerial action of the French Government, along the same lines as the proposed law itself. The French Government feels that it cannot consistently extend to the American Government greater privilege in this respect than it accords to its own people. The following are, perhaps, some of the reasons which may have entered into the consideration of this matter:

France was a nation in mourning for the four years of the war. To permit the removal of the French dead by relatives, with consequent funerals and renewed mourning would only add to the long period of national depression and sorrow at a time when the country should be rallying in order to undertake the tremendous work of reconstruction.

The removal and transfer of large numbers of bodies might be productive of epidemics and pestilences.

Regulations with respect to the removal of bodies from the battlefields are now in force. The French Government is now in possession of the bodies of its dead soldiers who were killed in France. It is now in possession of the bodies of its dead soldiers who were killed in France. It is now in possession of the bodies of its dead soldiers who were killed in France.

better testimonial to the valor and devotion of her dead sons and the respect and love in which their memories are held, than that the nation should secure and maintain in perpetuity vast cemeteries in France—cemeteries which in themselves will arouse sentiments and emotions in the pilgrims of future generations, which mere monuments can never do? The graves of those dead soldiers, who are to be returned and delivered to families will no doubt be cared for and revered during the lifetime of the members of the families. But would it not be a comfort to know that the bodies of their soldier-dead are resting with those of their comrades in a place to be maintained and cared for as long as the nation endures, each by its presence contributing to a shrine which will be the object of pilgrimages for thousands of Americans now living and for unnumbered thousands yet unborn?

TREASURER'S OFFICE FIXTURES ARE MODERN

The Canton Art Metal company of Canton, through its local agents, Leist & Kingery, has just completed the installation of a beautiful steel and marble counter in the treasurer's office at the courthouse.

Its purchase will give the treasurer an equipment that will greatly facilitate the handling of the business of his office.

The new counter is constructed entirely of steel and includes cupboards, roller bookshelves, cash drawers and files, arranged the most conveniently for the work of the treasurer's office. The counter top is constructed of a special preparation which is impervious to wear, and entirely sanitary. This top is firmly cemented to the steel top and further secured with a solid bronze binding with invisible fastenings.

The marble front and bronze wickets are of handsome design. The steel work is finished with a specially prepared enamel of olive-green color which will prevent the steel from deterioration.

The marble work is of the highest quality—grey Tennessee stone with a highly-polished surface.

ISLAND OF YAP MAY BECOME POSSESSION OF UNCLE SAM; TAKEN FROM GERMANS IN WAR; 500 MILES WEST OF GUAM

In connection with the announcement by President Wilson that the Island of Yap may be acquired by the United States as a preparation for the sinking of the Lusitania and as a window on the Pacific, the following bulletin is issued by the National Geographic Society:

"Yap, the westernmost of the Western Caroline Islands, is situated about 500 miles southwest of Guam and 100 miles east of the Island of Mindanao of the Philippine group. It has a population of about 30,000 and was the administrative center for the Western Carolines, the Marshalls and the Ladrones Islands. The Germans had made plans to take a naval station there, but were prevented when Australian troops captured the island in October, 1914.

"Yap is a strange old and strange, up-to-date. Its inhabitants are still in the stone age of progress and civilization, but they are also modern in the latest social and political ideas.

"On the Island of Yap, the natives are strict prohibitionists, made so by the fact that made them and Missionary laws. Children are to the community, and frequently a dead man is buried and thrown off the island, and the natives are strict prohibitionists, made so by the fact that made them and Missionary laws.

"The right of disposal of the island is a subject of long standing, and since the island is rich enough to own such a treasure, the best ones are loaned out for such a period as the owner may choose to be dressed in the height of fashion. As there are no buthrooms, the man may wear two bou-

A DAYTON MAN IS RELIEVED OF AWFUL BACKACHE

Resides at National Soldier's Home, where he is well known. Declares the new remedy, Dreo, gave much relief.

"System full of uric acid; joints ached from rheumatism, and so nervous he couldn't sleep," he says.

"I'm glad to give my endorsement to so good a medicine as Dreo," declared Mr. W. Warner, who resides at the Soldier's Home in Dayton, O.; Mr. Warner is 74 years old.

"My system seemed full of uric acid, and my joints and muscles were sore from rheumatism. I had taken so much medicine for these troubles that my stomach was all to pieces, and I was nauseated most of the time. I got so sore and stiff I couldn't bend my limbs, without giving much pain; many a night I couldn't sleep for the pain. Everyone noticed that I was growing worse and losing flesh daily. My kidneys went bad on me and I passed scanty, high-colored, feverish urine. I felt a full, stuffed sensation in my stomach. I bloated so bad I had to loosen my clothes, and I dreaded to lie down.

"I was miserable when I began taking Dreo, but I now have a different story to relate. Dreo has done me lots of good. My bowels are regular; pains in my back and limbs gone, so that I can stoop and bend without pain. My stomach is easy so that my clothes are comfortable again. I feel stronger in every way since I began taking Dreo. Dreo is truly a remedy of merit, and I gladly endorse it.

"Being made from the juices of many herbal plants, Dreo combines with the juices of the stomach, and quickly aids that organ to carry its load. It moves the liver, gives strength to weak kidneys and purifies the blood.

All good druggists now sell Dreo, and it is highly recommended in Newark by Evans Cut rate Drug Store.

HOME RUN WALLOPS ARE KEEPING WHITE SOX WELL IN LEAD

Eddie Collins, Chic Gandil and Joe Jackson.

Heavy hitting has saved many a game for the league leading White Sox in the past couple of weeks when their pitchers have faltered. When Happy Felsch pulled the game of August 27 out of the fire with a home run in the seventh inning against the Browns it marked the fifteenth home run made in the White Sox park in the last eleven games and the White Sox had hung up their share of them. Eddie Collins broke up the preceding battle with the Browns with a four-base clout. Collins, Jackson, Gandil and Weaver are hitting .300 or better. Felsch has found his batting eye now and although his average for the season is far below the .300 mark he is hitting at a great pace.

RED OUTFIELDER IS BATTING .326

Eddie Roush Flirting With Title In National League While Team is Copping Pennant.

Chicago, Aug. 30.—Ed Roush one of the batting stars in Cincinnati's pennant drive is flirting with the batting championship of the National League. Unofficial averages released today show the hard hitting Reds' outfielder tied for second place with an average of .326 with "Gavy" Cravath manager of the Philadelphia club, topping the league hitters with .340.

Bagging 11 safe blows in his seven games boosted Roush from third place to a second place tie with Jim Thorpe of Boston. Three of Roush's hits went for two bases, while one was a three bagger. With the close of the race a month away, critics agree that the Cincinnati star has an excellent chance to pass Cravath in the final sprint. Cravath however, is in possession of home run hitting honors with 11.

Cutshaw of Pittsburgh, continues to show the way to the base stealers with 31 with Burbee a teammate and Jack Smith of St. Louis tied for second with 26. Other leading National League batters for 40 or more games: Meusel, Philadelphia, .317; Groh, Cincinnati, .317; Stock, St. Louis, .306; Boyle, New York, .304; Young, New York, .302; Hornsby, St. Louis, .301; McHenry, St. Louis, .301.

With the close of the season a month away, Ty Cobb as an no apparent danger of being dethroned as the champion batter of the American League. The Detroit star is safely in the lead with an average of .350. Veatch, Cobb's teammate is in second place with .327. "Eddie" Ruth the sensational slugger with Boston who is striving to break the major league home run record of 25 established by Buck Freeman of the Washington National League in 1899, has shattered the American League record with 25 home runs in his first six games. Ruth also has scored the remarkable total of 50 runs in 105 games.

Eddie Collins, the Chicago second baseman is pressing George Sisler of St. Louis for honors in base stealing. Sisler with 6 having a margin of two. Harry Hooper of Boston is in line with 25 while Johnston of Cleveland, has 22, and Cobb 21.

Other leading American League batters for 40 or more games: Jackson, Chicago, .347; Sisler, St. Louis, .347; Jacobson, St. Louis, .340; Beckenbaugh, New York, .329; Fawcett, New York, .322; Holman, Boston, .321; Gandil, Chicago, .320; Ruth, Boston, .317.

Hendrix of Louisville is clinging to the batting lead of the American Association with an average of .370 with Becker of Kansas City trailing him in second place with .341.

Miller of St. Paul broke the tie for honors in home run hitting, knocking by six times. Ruth also has scored the remarkable total of 50 runs in 105 games.

Other leading association batters for 40 or more games: O'Mara, Indianapolis, .336; Cook, Kansas City, .336; Kyle, Louisville, .330; Miller, St. Paul, .327; Miller, Kansas City, .327; George, Columbus, .317; H. G. T. Toole, .314; Leif, Indianapolis, .312.

W. A. of the Washington club held up the wallops scored for company. The club is a steady record of being defeated in the last four games of the Western League. Without has an average of 4.16, 6 points above of Jackson of St. Louis, but closest rival.

Wagon of Des Moines is having his brook his teammate a race for honors in base stealing. Jackson with 25, having a margin of two. Taryan of Wichita continues high in home run hitting with 12.

Other leading batters for 40 or more Western League games: Connelley, Des Moines, .357; Speelman, Omaha, .352; East, Wichita, .352; Weaver, St. Joseph, .349; Ditz, Tulsa, .319; Collins, Joplin, .318; Robinson, Sioux City, .317; Brokaw, Sioux City, .316.

Gilbert of New Orleans is firmly entrenched in the batting lead of the Southern Association with an average of .355. In showing the way to the base-stealing Gilbert has 38 thefts to his credit. McDonald of Nashville is the leading home run hitter with eight.

Other leading Southern Association batters for 40 or more games: Tutwiler, Mobile, .335; McDonald, Nashville, .329; Christenbury, Memphis, .321; Duncan, Birmingham, .317; Sykes, Atlanta, .319; Griffin, Atlanta, .308; Sullivan, New Orleans, .307; Neusel, Chattanooga, .307; Hensen, Birmingham, .298.

JOHNSTON BEATS PATTERSON IN SINGLES YESTERDAY

Forest Hill, N. Y., Aug. 30.—William M. Johnston of San Francisco who defeated Gerald L. Patterson of Australia, world's tennis champion, in five hard fought sets yesterday in the national championship singles tournament here today faced another tough opponent, R. Landis Murray, American champion, in the round preceding the semifinal.

The two former American champions were brought together, Maurice E. McLaughlin of Los Angeles, facing R. Norrie Williams, 11, of Boston, who won the title from him in 1914, and again defeated him in 1916.

McLaughlin had no serious opposition in his previous games, while Williams dropped his first set yesterday when he eliminated R. V. Thomas of Australia.

DIAMOND TIRES
IN USE IN AMERICA

For fifteen years Diamond Tires have seen other tires come and go, but, through thick and thin, Diamond Squegee Tread Tires have demonstrated the grit and tenacity—the qualities of service and economy wanted by every motorist—that have given them the reputation of holding their customers year after year. Should any Diamond Tire fail to make good it will be adjusted on a basis of

6,000 MILES ON FABRIC
— AND —
8,000 MILES ON CORDS

If you want a tire that will make you come back for more buy a Diamond.

Experience has demonstrated the
Silo as the great food conservator,
consequently the most profitable adjunct
on the farm. A well constructed Silo
is more profitable than a poor one and
eminently more satisfactory. The
"Texton" Silo meets all requirements
completely. Call at our yard, look it
over and be convinced.

AN URN MEMORIAL.

Deeply expressive, this memorial is one of the newer suggestions of an artistic designer. It is on display in our show rooms and should be seen and studied to be really appreciated. The easter lilies on each side offer us their message of hope and the Greek urn on the die gives the design distinction.

See our large stock of work before making any arrangements with an out of town firm.

ESCAPED GERMANS CAUGHT IN EAST

Camp Sherman Chillicothe, Aug. 30.—Word was received here from Philadelphia of the arrest of William Link and Joseph Aklund, German prisoners who escaped from the stockade here Sunday night. With 19 other Germans, Link and Aklund escaped by tunneling their way out of the barracks, in which they were confined. The others were captured soon after their escape. Link and Aklund probably will be brought to Camp Sherman. When arrested they were trying to ship on a Scandinavian vessel.

It is reported that an airplane service will be established within a few months connecting Buenos Aires with Bahia, Brazil, and intermediate cities.

The Price of Wearing Apparel Is Soaring

IN five years statisticians tell us that it has advanced 100 per cent. And no one knows when prices will reach the high-water mark.

To those of an economical turn of mind it is essential that a new lease on the life of their clothes be taken. A little extra care here and there will add greatly to the longevity of their wearing apparel.

More frequent cleaning, repairs when necessary and a general "overhauling" now and then will do much to improve the appearance of clothes and add months of service to their wear. It's one efficient way of beating the high cost of living.
